Emerging Technologies in Finance

Finance Loop connects the finance, IT and AI communities.

Investment & Digital Assets

Tokenized funds and securities, digital custody, crypto as an asset class for banks and asset managers, and decentralized finance (DeFi) as the alternative to banks.

Payments & Digital Money

Instant payments, stablecoins, tokenized deposits and the digital euro, plus the wallets that hold them and the payment rails that move them.

Digital Infrastructure & Sovereignty

Cloud, data and AI platforms, digital identity, open banking and open finance interfaces, plus the blockchain nodes and validators that link to financial systems.

Risk & Compliance

The rules for finance and IT: MiFID II for investment, PSD3 for payments, MiCAR for crypto, DORA for IT risk, the EU AI Act, and anti-money laundering (AML).

What Finance Loop does

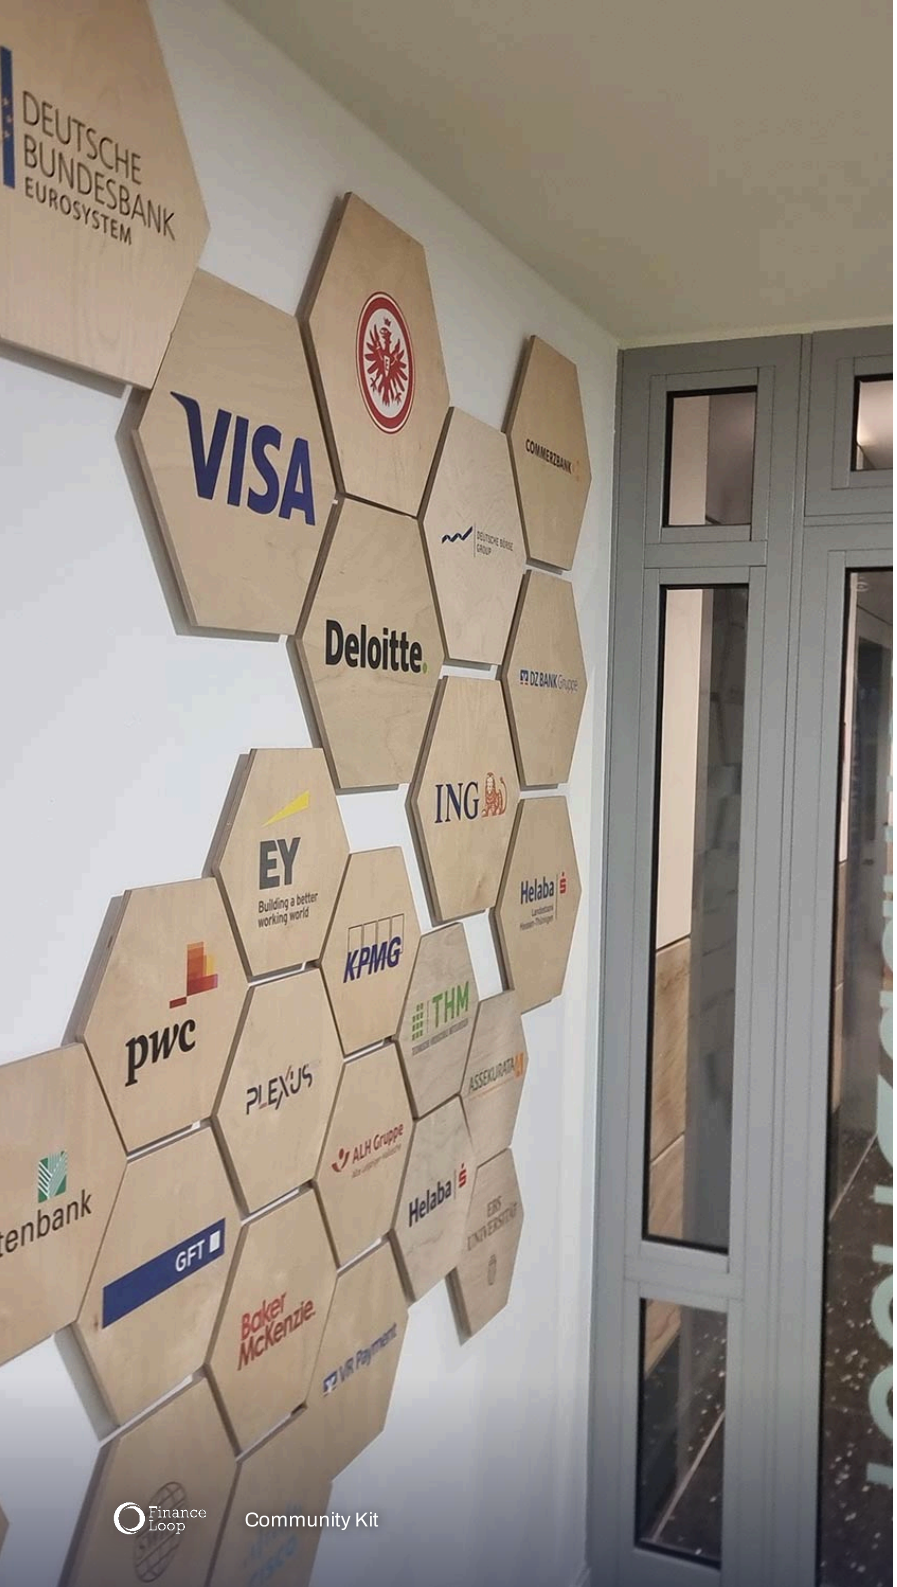

Finance Loop is a professional network supporting the institutional use of emerging technologies in finance, including AI, digital payments, cloud and blockchain solutions. Finance Loop helps its members build skills and personal networks in these fields: Investment & Digital Assets, Payments & Digital Money, Digital Infrastructure & Sovereignty, and Risk & Compliance.

Meet industry leaders and exchange knowledge through the Finance Loop network to develop your expertise and explore professional opportunities.

Finance Loop believes that technology adoption in finance is a continuous process that requires regulatory clarity and compliant solutions. The regional focus is Europe, with Finance Loop having a focus on Germany. More than 4,000 members are connected to this professional network.

Sponsor an Event

Meetup Sponsor

Finance Loop is carrying out in-person meetups concerning emerging technologies in finance, often in Frankfurt or other locations throughout Germany and Europe. The speakers and the content of the community events are defined by Finance Loop in advance. The target audiences are professionals working in finance, asset management, investment, or digital assets. Meetups may have several sponsors and can take place as side events to known conferences. Several non-competing sponsors might join a meetup.

As a Meetup Sponsor, you sponsor a pre-defined in-person meetup and have a presentation slot of up to 20 minutes. Your company will be featured on the event invitation and during the event using your logo, including promotion on social media. You will get access to the participation list. Venue rent, drinks, and snacks are included.
